

Courchevel 1850 Meeting Points & Details

Courchevel 1850

Background

Courchevel 1850 is famous for being one of the best ski resorts in the world. The slopes are amazing. There is a variety of terrain second to none. The lifts are excellent (most chairlifts are high speed quads), and the grooming of the slopes outstanding.

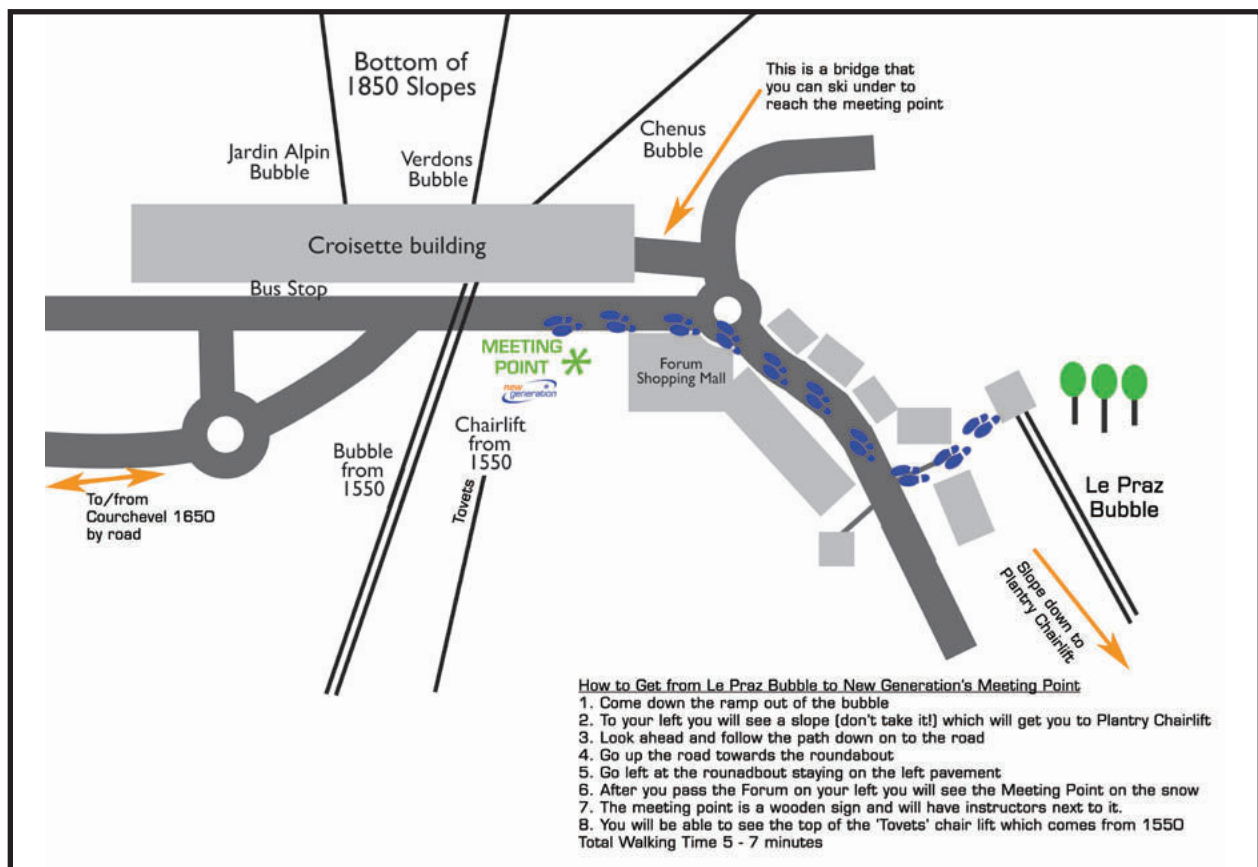

For beginners 1850 is a mecca. The resort has a really good beginners area. For good skiers the opportunities are endless. Off-piste and couloirs can be found off the Saulire as well as many other places. Due to its popularity the powder does get tracked out fairly quickly, unless of course, you know some of the secret places....

Meeting Point Details

The New Generation meeting point is situated next to the top of the Tovets chair lift. It is below the Croisette building on the opposite side of the road, just on the edge of the piste opposite the Kalico bar. New Generation instructors are easily identifiable in their bright green jackets and pants.

Coming from Le Praz

We have lots of clients who stay in Le Praz so we have included the walking route and instructions from the bubble. If you are having morning lessons then please check the Bubble or bus start times. We find that beginners (staying in Le Praz) prefer to take the bus on their first day as it stops right across the road from our meeting point (no walking!).
