Can I start groups lessons on a Sunday?

Yes, you can join a Sunday Starter. These are not available to book online so please contact the New Generation office direct

How big are the groups?

Adult and Children's groups are small with 2 - 8 people sold into a class.

Can I have private lessons in the morning?

As it is our busiest week we prioritise children and adult groups in the morning. Private lessons are available at weekends (at any time) and in the afternoons.

What happens if I am in the wrong level? / Can I move?

We do everything we can to put you into the right level. Please check our online videos and call us if you are unsure. Half-term is a busy week but we will move you if there is space available.
